

Dear [first name],

Two firemen went to the hospital. Half a million dollars' worth of damage was done. Over 300 attacks on pro-life entities nationwide. Zero convictions. In January, CompassCare turned to Scott Wheeler and his investigative team because the Department of Justice and the FBI refuse to bring the Antifa terrorists who firebombed us to justice.

Scott told me you are one of his closest supporters so, knowing how overwhelmed he is with the investigation, I asked my staff to send you a personal letter from him. Please read it and prayerfully consider a tax-deductible donation to underwrite his expenses.

You've probably seen me on programs like the Glenn Beck Show, Sean Hannity, Tucker Carlson, NewsMax, Huckabee, One America News, Fox News, or DayStar TV speaking out against attacks on pro-life pregnancy centers and corruption within federal law enforcement.

Scott and I agree that America is at war and Christians are a target. We ignore this to our peril. In his letter, Scott sheds light on the situation and gives you a 30,000-foot view of his investigative work.

You are welcome to call Scott with questions about the investigation and how your donation will be used to safeguard 1<sup>st</sup> Amendment rights.

With your assistance, we hope to see the arrest of dozens of Antifa terrorists, so that pro-life organizations can continue saving women and babies from abortion free from threats or violence.

In Christ,

Rev. James R. Harden, M.Div.  
CompassCare CEO

P.S. Scott needs to know what to budget for August and September. Please make your largest tax-deductible donation as soon as you can. Go to [CompassCareCommunity.com/Scott-Wheeler](https://CompassCareCommunity.com/Scott-Wheeler) or use the enclosed reply slip to donate today.
